Is your hardware just too slow and outdated but you are happy with your software? Did a major part just die and its cost plus labor is a good percentage the cost of a new system? For those who weren't budgeting on a new PC, here's our solution: a new PC. At additional labor cost, we'll transfer your current retail Operating System or sell you a new one. Same software with all-new, fast hardware and a brand spankin'-new warranty.

1 TB HARD DRIVE
8 gigs DDR4 RAM

INTEL 3.4 GHZ

NO CHANGES OR EXCEPTIONS ALLOWED.
*OS / DATA TRANSFER EXTRA.
1 YR INSTORE PARTS WARRANTY.

\$399*

NO OPERATING SYSTEM*
