Integrating **Bilingual Immersion** in Spanish

Unlock Your Child's Potential with Engaging Spanish Learning!

¡Hola! I'm Ligia "GiGi" Vasquez, a passionate bilingual educator with a creative flair. My teaching method is deeply rooted in multiculturalism, biliteracy, and hands-on interactive learning. By focusing on *learning by doing* and *learning through stories*, I foster both cognitive and emotional growth, making language acquisition an enriching and joyful experience.

About Me

With extensive experience across various educational programs such as Bilingual, Dual Language, RTI Tier II, Phonics, and Structured Multisensory Language Intervention, I understand the diverse needs of learners. As a native Spanish speaker, I relate deeply to those who are navigating the journey of acquiring a second language. I've experienced firsthand its challenges and rewards, and I'm excited to share that transformative experience with my students!

Certified as a TEA EC Bilingual Teacher and CDA 3-5 Bilingual Specialist, I am committed to helping learners excel at every stage of their development.

Our Unique Approach

We believe in nurturing each student's potential through scaffolded learning techniques and hands-on activities. We integrate blended learning to customize instruction to meet each student's needs.

What we Offer

- **For Pre-K and Kindergarten:** We offer a half-day, Spanish immersion program where students listen, read, write, and retell stories in Spanish, among the other subjects aligned with the [TEA](#). This approach is enriched with embedded **executive function strategies**, making language learning more impactful. We are proud partners of "[Tools of the Mind](#)," a pioneering program that integrates executive function skills into the classroom environment.
- **For Middle & High School Students:** We provide personalized *after-school* Spanish tutoring, either one-on-one or in small groups. Our tutoring is aligned with [national proficiency standards](#), focusing on the four key language skills: listening, reading, speaking, and writing.
- **For Elementary Students:** Our *after-school* Spanish program is designed to immerse children in the language through hands-on activities with our storytelling, ensuring an engaging and comprehensive learning experience.

Where Are Our Services Delivered?

Our in-person after-school programs and one-on-one tutoring are hosted at our conveniently located Spring Branch facility in Houston, TX (facility opening soon).

 **Location:** 1957 Sherwood Forest Dr, Houston, TX 77043
