Uniform Crime Report Definitions

These definitions are excerpted from Appendix B of the Handbook for School Safety and Security Reporting.

Murder/Non-Negligent Manslaughter: the willful (non-negligent) killing of one human being by another. NOTE: Deaths caused by negligence, attempts to kill, assaults to kill, suicides, accidental deaths, and justifiable homicides are excluded.

Negligent Manslaughter: the killing of another person through gross negligence.

Robbery: the taking or attempting to take anything from value of the care, custody or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated Assault: an unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by means likely to produce death or great bodily harm. It is not necessary that injury result from an aggravated assault when a gun, knife or other weapon is used which could or probably would result in a serious potential injury if the crime were successfully completed.

Burglary: The unlawful entry of a structure to commit a felony or a theft. For reporting purposes this definition includes unlawful entry with intent to commit a larceny or a felony; breaking and entering with intent to commit a larceny; housebreaking; safe cracking; and all attempts to commit any of the aforementioned.

Motor Vehicle Theft: The theft or attempted theft of a motor vehicle. (Classify as motor vehicle theft all cases where automobiles are taken by persons not having lawful access, even though the vehicles are later abandoned
- including joy riding)

Arson: The willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, or personal property of another kind.

Weapon Law Violations: The violation of laws or ordinances dealing with weapon offenses, regulatory in nature, such as: manufacture, sale, or possession of deadly weapons; carrying deadly weapons, concealed

or openly; furnishing deadly weapons to minors; aliens possessing deadly weapons; all attempts to commit any of the aforementioned.

Drug Abuse Violations: Violations of state and local laws relating to the unlawful possession, sale, use, growing, manufacturing, and making of narcotic drugs. The relevant substances include opium or cocaine and their derivatives (morphine, heroin, codeine); marijuana; synthetic narcotics (Demerol, methadone); and dangerous non-narcotic drugs (barbiturates, Benzedrine).

Liquor Law Violations: The violation of laws or ordinance prohibiting: the manufacture, sale, transporting, furnishing, possessing of intoxicating liquor; maintaining unlawful drinking places; bootlegging; operating a still; furnishing liquor to minor or intemperate person; using a vehicle for illegal transportation of liquor; drinking on a train or public conveyance; all attempts to commit any of the aforementioned. (Drunkness and driving under the influence are not included in this definition.)

Hate Crimes: We are also required to report statistics for bias-related (hate) crimes by the type of bias as defined below for the following classifications: murder/non-negligent manslaughter, negligent manslaughter, sex offenses (forcible and non-forcible), robbery, aggravated assault, burglary, motor vehicle theft, arson, liquor law violations, drug abuse violations and/or weapons: possessing carrying, etc. (see definitions on the front page) and larceny-theft, destruction/damage/vandalism of property, intimidation, and simple assault (see definitions below).

Larceny: The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another.

Vandalism: To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law.

Intimidation: To unlawfully place another person in reasonable fear of bodily harm through the use of threatening words and/or other conduct, but without displaying a weapon or subjecting the victim to actual physical attack.

Simple Assault: An unlawful physical attack by one person upon another where neither the offender displays a weapon, nor the victim suffers obvious severe or aggravated bodily injury involving apparent broken bones, loss of teeth, possible internal injury, severe laceration, or loss of consciousness. If a hate crime occurs where there is an incident involving intimidation, vandalism, larceny, simple assault or other bodily injury, the law requires that the statistic be reported as a hate crime even though there is no requirement to report the crime classification in any other area of the compliance document.

A bias-related (hate) crime is not a separate, distinct crime, but is the commission of a criminal offense which was motivated by the offender's bias. For example, a subject assault a victim, which is a crime. If the facts of the case indicate that the offender was motivated to commit the offense because of his bias against the victim's race, religion, sexual orientation, gender, gender identity, disability, ethnicity, or national origin the assault is then also classified as a hate crime.

Sex Offenses Definitions from the National Incident-Based Reporting System Edition of the Uniform Crime Reporting Program

Sex Offenses: Any sexual act directed against another person, without the consent of the victim, including instances where the victim is incapable of giving consent.

a) **Rape:** The penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. (This revised definition reflects the Federal Bureau of Investigation's updated definition in the Uniform Crime Reporting (UCR) Summary Reporting System, which encompasses the categories of rape, sodomy and sexual assault with an object that are used in the UCR National Incident-Based Reporting System.)

b) **Fondling:** The touching of the private body parts of another person for the purpose of sexual gratification, without the consent of the victim, including instances where the victim is incapable of giving consent because his/her age or because of his/her temporary or permanent mental incapacity.

c) **Incest:** Sexual intercourse between persons who are related to each other within the degrees wherein marriage is prohibited by law.

d) **Statutory Rape:** Sexual intercourse with a person who is under the statutory age of consent.

Violence Against Women Act Categories:

In accordance with the Violence Against Women Reauthorization Act (VAWA) of 2013, Institutions are now required to include statistics for the following:

Domestic Violence: A felony or misdemeanor crime of violence committed by a current or former spouse or intimate partner of the victim, a person with whom the victim shares a child in common, a person who is cohabitating with the victim as a spouse or intimate partner, a person similarly situated to a spouse of the victim under the domestic or family violence laws of the jurisdiction in which the crime of violence occurred.

Dating Violence: Violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship shall be determined based on the reporting party's statement and with consideration of the length of the relationship, the type of relationship and the frequency of interaction between the persons involved in the relationship. For the purposes of this definition, dating violence includes, but is not limited to, sexual or physical abuse or the threat of such abuse. Dating violence does not include acts covered under the definition of domestic violence. Any incident meeting this definition is considered a crime for the purposes of Clery Act reporting.

Stalking: Engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others or suffer substantial emotional distress.

Unfounded Crimes: An institution may withhold, or subsequently remove, a reported crime from its crime statistics in the rare situations where sworn or commissioned law enforcement personnel have fully investigated the reported crime and based on the results of this full investigation and evidence, have made a formal determination that the crime report is false or baseless and therefore "unfounded". Only a sworn or commissioned law enforcement personnel may "unfound" a crime report for purposes of reporting under this section. The recovery of stolen property, the low value of stolen property, the refusal of the victim to cooperate with the prosecution, and the failure to make an arrest do not "unfound" a crime report.

Consent: In Florida except for Statutory Rape law, Florida, consent must be “intelligent, knowing, and voluntary” under Florida Statutes § 794.011. When a person is forced or coerced into a sexual encounter either by physical force, or by some coercive threat, consent is not present.

Most people recognize that this is both wrong and illegal. Unfortunately, this type of encounter is very standardly thought of as the only type of sexual assault based on the prevalence in movies and television. The reality is that the second category is far more common. For example, a person who is drunk and unconscious or drugged unconscious cannot make a voluntary and intelligent decision to consent.

Sexual Assault: In Florida: Any actual, attempted, or threatened sexual act with another person without that person's consent. This includes Sexual Misconduct such as unsolicited touching of a sexual nature as defined in FAC:64B8-9.008.

Bystander Intervention: Is recognizing a potentially harmful situation or interaction and choosing to respond in a way that could positively influence the outcome, it means also safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

Safe Responding: Do not put yourself in a dangerous situation. For example, if you witness an altercation, it may be safer to call Police rather than approaching the individuals involved.

Early Intervention: Intervening early can prevent a small problem from growing into an even bigger, more harmful problem. For example, it is easier and safer to convince your friend to stop drinking early in the evening than calling for alcohol transport later. Everyone can help.

There are some steps to helping when witness to a problematic or potentially problematic situation:

1. Notice the Event: People are busy, distracted, on their phones, talking, texting, not aware of their surroundings, some don't want to notice. Pay attention to what is going on around you.
2. Interpret It as a Problem: Sometimes it is hard to tell if someone needs help. Error on the side of caution and investigate. Don't be sidetracked by ambiguity, conformity, or peer pressure.
3. Assume Personal Responsibility: If not you, then who? Do not assume someone else will do something. Have the courage and confidence to be the first!
4. Know How to Help: Never put yourself in harm's way but do something. Help can be direct or indirect.
5. If not you, then who? It may be safer to call Police rather than approaching the individuals involved. When you notice something going on, do something.

 - o The length of the relationship.

All work areas must be kept free of tools, materials, draped hoses, extension cords, and other objects which create hazards. Cleaning up the area where you are working is part of the job. A job is not completed until the area is cleaned up.

FIRE PREVENTION AND SECURITY

Fire Prevention

Everyone should exercise good judgment and conduct themselves in a manner that would prevent fires while on School property.

No one should smoke in areas where "No Smoking" signs are posted, or where hazard from smoking exists.

If a fire should occur, contact your supervisor/instructor or the School President.

Stay calm. If the fire is small, select the proper extinguisher and attack the fire (if this can be done safely).

The following chart describes the different types of fires normally encountered and the proper extinguisher to use in each case.

ALCOHOL AND DRUG POLICY:

Drug and Alcohol-Free School Program

The Drug-Free Schools and Communities Act Amendments of 1989 and the Drug-Free Workplace Act of 1988 require that as a condition of receiving funds under any federal program, we must implement a program to prevent the unlawful possession, use, or distribution of alcohol and illicit drugs by students and employees.

DAAPP Awareness and Education Program

All members of the campus community whether new students or staff, as well as prospective students and prospective employees will have access to the information regarding the DAAPP through the AMERICAN BEAUTY SCHOOLS web site, www.americanbeautyschools.com.

All prospective students and employees will be given an information sheet along with their applications, which contains a web URL to information regarding the school's DAAPP, to provide awareness of the program.

All new students and employees will sign a letter of acknowledgment form on their first day of school or employment, which contains a web URL to information regarding American Beauty School's DAAPP, to affirm their awareness of the program.

In September and before October 1, an e-mail notification that provides a web URL to the information regarding AMERICAN BEAUTY SCHOOLS DAAPP will be sent to all enrolled students and all employees. In addition, a designated table or board will display the DAAPP education literature alongside the crime and fire statistics, crime prevention awareness materials, and campus security procedures. This material will be presented and made available by one of the Campus Security Authorities.

Publications of the information regarding the DAAPP may also be obtained upon request by all students enrolled or prospective, and all current or prospective employees from any of AMERICAN BEAUTY SCHOOLS officials, or from the office of School Director.

ANNUAL REVIEW OF THE DAAPP

An annual review of AMERICAN BEAUTY SCHOOLS DAAPP is conducted as part of the Institutional Assessment and Improvement Plan to determine the program's effectiveness and implement changes to the program if the changes are needed. AMERICAN BEAUTY SCHOOLS officials will determine the strength of the effectiveness of the DAAPP by evaluating the results of staff and student surveys. The number of drug and alcohol-related violations and fatalities that occurred on the institution's campus will also be considered in measuring the effectiveness of AMERICAN BEAUTY SCHOOLS DAAPP.

As part of the Annual Review Report, the data collected by Campus Security Authorities and the Local Police department for violations of the unlawful possession, use, or sale of alcohol, or illegal drugs will be reviewed to ensure consistency of sanctions enforced for such violations. The "Annual Review Report" will be maintained by the Campus Security Authorities.

Standards of Conduct

Through this communication, AMERICAN BEAUTY SCHOOLS notifies its students and employees that the unlawful possession, use or distribution of alcohol and illicit drugs is prohibited by students and employees on its property or as part of any of its sponsored activities. As a condition of attendance or employment every student or employee must:

1. Abide by these standards
2. Notify a Campus Security Authority of any criminal drug statute conviction for a violation occurring in the workplace, no later than five (5) days after such conviction.

HEALTH RISKS ASSOCIATED WITH THE USE OF ALCOHOL AND ILLEGAL DRUGS

Uses of Alcohol - Effects

Alcohol consumption causes a number of marked changes in behavior. Even low doses significantly impair the judgment and coordination required to drive a car safely, increasing the likelihood that the driver will be involved in an accident. Low to moderate doses of alcohol also increases the incidence of a variety of aggressive acts, including spouse and child abuse. Moderate to high doses of alcohol cause marked impairments in higher mental functions, severely altering a person's ability to learn and remember information. Very high doses cause respiratory depression and death. If combined with other depressants of the central nervous system, much lower doses of alcohol will produce the effects just described.

Repeated use of alcohol can lead to dependence. Sudden cessation of alcohol intake is likely to produce withdrawal symptoms, including anxiety, tremors, hallucination, and convulsions. Alcohol withdrawal can be life threatening. Long term consumption of large quantities of alcohol, particularly when combined with poor nutrition, can also lead to permanent damage to vital organs such as the brain and liver.

Mothers who drink alcohol during pregnancy may give birth to infants with fetal alcohol syndrome. These infants have irreversible physical abnormalities and mental retardation. In addition, research indicates that children of alcoholic parents are at greater risks than other youngsters of becoming alcoholics.

Alcohol & the Law

Drivers who are under the influence of alcohol pose a serious threat not only to themselves, but to everyone. The root causes of drunk driving - dangerous drinking and underage drinking, are themselves major social issues that can be prevented through education and collaboration among multiple stakeholders. Underage drinking and driving is an area of special concern.

AMERICAN BEAUTY SCHOOLS has a zero-tolerance stance on underage drinking. Because teenagers are inexperienced at driving as well as drinking, teenagers who drive after drinking illegally are extremely dangerous to themselves, their passengers, and other drivers on the road. People over 21 years old who choose to drink alcohol should be in control of both their alcohol consumption and their choice of transportation.

Uses of Various Drugs-Effects

Marijuana: The intoxicating effects of marijuana include relaxation, sleepiness, and mild euphoria. Marijuana can cause undesirable side effects, which increase with higher doses. These side effects include:

- Decreased short-term memory
- Dry mouth
- Impaired perception and motor skills
- Red eyes
- Sudden high blood pressure with headache
- Chest pain and heart rhythm disturbances
- Extreme hyperactivity and physical violence
- Heart attack
- Seizures and strokes
- Sudden collapse (cardiac arrest)

Heroin: Heroin abuse is associated with a number of serious health conditions:

Spontaneous abortion infectious diseases like hepatitis and HIV (see box, "Injection Drug Use and HIV and HCV Infection").

- Collapsed veins
- Infection of the heart lining and valves
- Abscesses, constipation and gastrointestinal cramping
- Liver or kidney disease.
