## FOREVER CLEAN<sup>™</sup>

*The softest, most durable, easiest to clean carpet on the planet.<sup>™</sup>*

Using the most advanced fiber innovation, SmartStrand  
Forever Clean carpets offer the highest level of beauty,  
comfort and performance available.

# SmartStrand<sup>®</sup>

FOREVER CLEAN™

When it comes to a carpet that truly has it all, look no further than SmartStrand. Where traditional carpets fall short, the innovative fibers in SmartStrand Forever Clean offer unbeatable spill protection, permanent stain resistance and long-lasting durability.

# SmartStrand<sup>®</sup> *Silk*

FOREVER CLEAN™

Enjoy all the benefits of SmartStrand Forever Clean combined with the added luxury of supreme softness and Mohawk's premium warranty. In SmartStrand Silk, each strand of carpet is packed with 700 silk-like, stain-resistant fibers. That's three times more individual fibers than found in traditional nylon carpet.

Spring-like fiber molecules help  
SmartStrand resist crushing and matting,  
so your carpet will look new for years.

Special Nanoloc technology completely encapsulates each carpet fiber, making it up to 3 times easier to clean.\*

\*Based on CRI XRF soil testing, a technology developed by NASA and used to measure the exact amount of soil removed when carpet is cleaned.

Built-in stain and soil protection that won't ever wash or wear off. You can rest assured that your floors will stay beautiful.

# The Truth about Stain Protection

SmartStrand Forever Clean is the **ONLY** carpet that contains permanent, built-in stain and soil prevention that never washes or wears off.

The stain and soil protection on other carpets is temporary and has to be reapplied when it wears or washes off. In fact, in an independent study, nylon carpet lost on average nearly 50% of its stain and soil protection after just three steam cleanings. That's why other carpets become difficult to keep clean over time. SmartStrand Forever Clean eliminates this problem, so you can enjoy 100% protection for life.

# SmartStrand Forever Clean with Built-in Protection

SmartStrand Forever Clean uses a completely different stain protection system built into the fiber's core. This means SmartStrand Forever Clean never loses its stain resistance and remains the easiest carpet to clean time after time.

Even after three cleanings, SmartStrand Forever Clean remains 100% free of staining. Because the stain resistance is built into the fiber's core, it can never be washed or worn off the carpet, which means SmartStrand Forever Clean carpets will be the easiest carpets to clean.

# LUXURIOUS SOFTNESS

## Entirely New Category of Luxury Carpet

One of the unique attributes of carpet is its natural softness, but not all carpets are sink-your-toes-in soft. If you're looking for a super soft carpet, SmartStrand Silk Forever Clean will exceed your expectations.

Achieving the soft, luxurious feel of SmartStrand Silk Forever Clean requires a new yarn with three times the amount of fiber found in ordinary soft nylon carpets.

## Silky Softness Superior Performance

**3X** THE FIBERS OF  
ORDINARY  
NYLON CARPET

Each strand of SmartStrand Silk carpet is packed with 700 silk-like, stain-resistant fibers. Making it the softest carpet for your home.

*Choosing softness doesn't mean you have to sacrifice performance.  
The result of packing more than 700 silk-like fibers into one yarn is  
amazing softness and incredible durability.*

All Pet Protection makes SmartStrand  
the best carpet for pet owners yet.

The only pet-friendly carpet protection system that  
covers all pets, all accidents, all the time.

### **FOREVER STAIN-FREE**

SmartStrand Forever Clean has no dye sites where spills could adhere, so the carpet is naturally stain resistant. Even when your pet has an accident, your carpet will remain easy to clean.

### **FOREVER CLEAN**

Advanced Nanoloc spill and soil shield encapsulates the fiber so it's three times easier to remove pet hair, soil and dander common with household pets.

### **FOREVER PURE**

With SmartStrand Forever Clean, pet accidents will not absorb into the fiber. This added protection prevents and reduces common pet-related odors.

# COLORMAX™
